Media Release

Bombora Wave Power is very pleased to announce that it has been nominated as a finalist of the Mitsubishi Corporation, Emerging Innovation category of the Western Australian Innovator of the Year awards 2015.

The finalists announced today show that WA has bright minds, a thriving innovation community and some excellent “world leading” business opportunities.

“As a competition entrant, the WA IOTY awards offers a fantastic way to increase your exposure, obtain independent 3rd party validation of your innovation and develop new business skills.” said Executive Director, Glen Ryan
